Abdulrahman Mohammed

Software Engineer

Moscow, Russia | +7 (917) 482-84-74 | abdulrahmangooba@gmail.com

Profiles

A_Gaoba   A-Gaoba   Portfolio   A_Gaoba

Summary

Honors Software Engineering graduate (GPA 4.8) with strong full-stack skills and over a year of experience creating responsive, user-centered web applications. Skilled in building seamless front-end interfaces and robust back-end systems to deliver high-quality, scalable solutions.

Experience

CereSoftware — April 2023 – Present

Frontend Developer — Yemen

https://www.ceresoftware.co/

- Developed responsive websites using JavaScript, React, and Tailwind CSS.
- Integrated APIs to create interactive, user-friendly interfaces.
- Gained backend development skills in database management and server logic.
- Collaborated with clients to deliver effective, on-time solutions.

Education

Ufa University of Science and Technology — 2024

4.8 GPA — Bachelor's in Software Engineering

Saint Petersburg Mining University — 2020

5 GPA — Preparatory Courses, Russian Language

University of Sana'a — 2017

4 GPA — English Language

Projects

To Russia!

https://toru.vercel.app/

- A comprehensive guide for prospective students interested in studying in Russia, built with **React** and styled using **Tailwind CSS**.

GaobaVid - YouTube Clone

https://you-tube-clone-a-gaoba.vercel.app/

- A clone of the YouTube interface, created using **React** and **Material UI** to practice modern web development and UI component design.

Protechies Company

https://protechies.netlify.app/

- A landing page for Protechies, a tech consulting firm, using **React** and **Tailwind** for a professional, clean layout.
